

Card Ministry

In mid-March all nursing homes, long term care facilities and assisted living facilities in the state of Maine were closed to visitors due to COVID-19. Residents found themselves totally isolated from family and friends. While thanking the staff of these facilities for keeping these vulnerable folks safe during the pandemic, we wanted to be able to remind the residents that they were loved and not forgotten. A card ministry was started in May, resulting in almost 200 cards being sent to local nursing homes, so far. The cards were really appreciated and brought smiles to many faces.

LUMC will be gathering and delivering cards once a month. If you would like to be part of this heart-warming ministry, let us know. We'll provide a date and arrangements when the cards will be collected. Or if you would rather send them yourself there are many facilities in the area that would appreciate cards for their residents.
